

Pumpaid FT

Streamline the pumping and spraying of premix Glass Reinforced Concrete

Pumping aid for GRC and other cementitious systems

Uses

Pumpaid FT is used for the pumping and spraying of Premix GRC and as a pumping aid for concrete and mortar.

Product Information

Product Type: Carbohydrate Complex

Appearance: Blue Liquid

Specific Gravity: 1.03

Chloride Content % w/w: <0.10% Chloride-Free

Effect on Setting: None

Freezing Point °C: +1°C

Suitability: All Portland Cements

Dosage: 0.1 - 1.0% by weight of cement (*confirm after trials*)

Storage & Shelf Life: Min. 1 year in sealed containers stored in dry warehouse conditions (5 - 30°C) - *protect from frost*

Advantages

- Reduced segregation and bleeding
- Supplied in liquid form for easy dispensing
- Reduced pump pressure for faster pumping
- Reduces wear and tear on equipment
- Assists in pumping of lean concrete mixes
- Enables the pumping of concrete containing harsh or porous lightweight concrete

Available in 25L and 200L drums
